Apex Technology Group, Inc.

Dream. Believe. Deliver.

Winner – “2007 New Jersey Business Industry & Association Awards for Excellence in Job Creation Category”

“At ApexTGI, we believe in doing it ‘Right’. The first time!”

Apex Technology Group, Inc. (ApexTGI) was founded in 2001 and is headquartered in Edison, New Jersey, USA. ApexTGI specializes in providing consulting services and solutions for a gamut of information technology needs like Software Development, System Integration, Client/Server Information Systems, ERP Solutions, Data Warehousing, Network Design and Administration, Quality Assurance, E-commerce and Management Services.

The ApexTGI slogan
“Work harder, work smarter and be innovative”

Today’s rapidly evolving business environment calls for sophisticated, highly adaptive technology enabled resources that are designed to adapt to specific customer needs and help accelerate business growth. The varied strengths that distinguish ApexTGI from others in the marketplace are:

- Extensive industry and domain expertise
- Broad and evolving service offerings
- Expertise in business transformation outsourcing
- Successful history of technology transfer and implementation
- Commitment to the long-term development of our employees
- Result-oriented and experienced management team

Reduction of cost due to lean consulting team and innovative use of offshore delivery

Rich in-house pool of trained, experienced technology and business professionals

Total responsibility for solutions provided

Delivery excellence through hands-on experience and time tested methodologies

The ApexTGI Advantage

In-depth understanding of industry know-how

Client-centric, transparent and user-friendly approach

End to end service capability

Comprehensive infrastructure, facilities and processes network

"At ApexTGI, we believe in doing it 'Right'. The first time!"

OUR MISSION

"Our mission is to deliver technology-enabled solutions that meet our customers' complex business needs. Apex TGI's services are designed to adapt to our customers' needs and help them to maintain profitable business growth.

At the core of our engagement delivery methodology lays our clients' business drivers and their strategic business interests."

Our strategy builds on our expertise in consulting, technology and outsourcing to help clients perform at the highest level so they create sustainable value for their customers and shareholders.

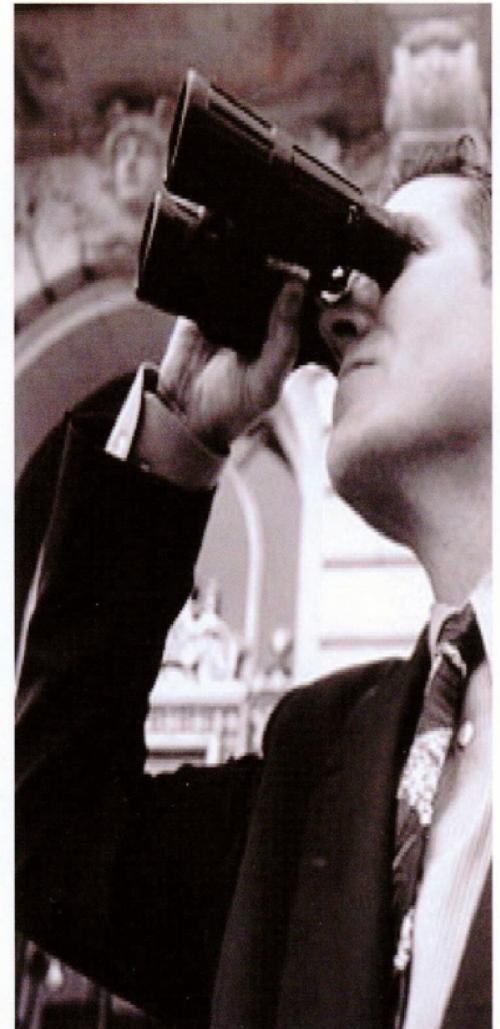

Using our industry knowledge, service-offering expertise and technology capabilities, we identify new business and technology trend and develop solutions to help clients around the world by:

- Decreasing total cost of ownership in existing technology programs
- Improving operational performance
- Delivering their products and services more efficiently and effectively

CORPORATE STRATEGY

To be a leading provider of IT services & products by doing the following:

- Adopt state of art technologies to deliver effective services
- Build best in class IT products to maximize customer ROI
- Help our customers realize maximum throughput
- Utilize custom tailored IT processes and techniques to achieve quick solution turnaround
- Be committed to Quality and Excellence

OUR EMPLOYEES

ApexTGI employees are some of the most creative, forward-thinking and diligent people in the business world. We have a world-wide recruitment policy, and our people come from a wide range of cultural, educational and geographic backgrounds. The different points of view and approaches they bring to the table lead to superior business-IT solutions for ApexTGI and our clients.

Join the growing ApexFORCE

A few salient points regarding our employee base –

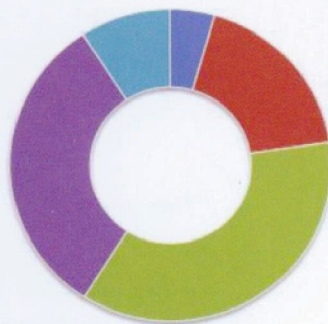

- Employee retention rate of 95% - unheard of in the industry.
- Excellent performance testimonials by clients across various verticals.
- Strong command of varied technologies and continuous enhancement of skills sets.
- Vast experience in different facets of IT.
- Great interpersonal skills and commitment to quality performance.
- We are an Equal Opportunity Employer and believe in Affirmative Action.

ApexTGI is committed to helping people and businesses communicate better. If you share our vision, ApexTGI is the place for you.

"People are definitely a company's greatest asset. It doesn't make any difference whether the product is cars or cosmetics. A company is only as good as the people it keeps."

Mary Kay Ash

“At ApexTGI, we believe in doing it ‘Right’. The first time!”

PROJECT MANAGEMENT

Our Project Management teams combine knowledge in latest technologies and experience with product customization, deployment and support on multiple platforms to provide the client with the support needed. We have undertaken a diverse range of projects that enabled our client’s business growth, reduced costs and improved productivity, improved customer satisfaction/loyalty, created or enabled competitive advantage; by developing optimal custom software solutions meeting urgency of the business need and costs/productivity statement in accordance with the specific needs and budget, using the most popular and cutting edge Internet-related technologies.

A business is successful to the extent that it provides a product or service that contributes to happiness in all of its forms.

Mihaly Csikszentmihalyi

PRODUCT DEVELOPMENT

We cover the entire spectrum of activities involved in developing a product from conceptualization to the final version of the released product, i.e., from vision to ship. We provide complete transparency during the development process through regular updates, rigorous tracking, frequent binary drops and a strong feedback process. We believe in strict Intellectual Property Protection Rights (IPPR) policies that provide controls at all levels - contractual, policy and cultural.

"This may seem simple, but you need to give customers what they want, not what you think they want. And, if you do this, people will keep coming back."

-John Ilhan

PARTNER WITH A GLOBAL LEADER

Customer satisfaction is our top priority. To attain greater success we at ApexTGI believe in forging strong relationships based on open communication, trust and a solution oriented approach.

We believe in forming alliances that aim for a synergy where each partner hopes that the benefits from the alliance will be greater than those from individual efforts. The **ApexTGI Strategic Alliance Partnership (ASAP)** Program is about forming partnerships with customers or IT vendors to provide extensive IT solutions together. The international ASAP team ensures that customers receive maximum value from our products and services by establishing a direct relationship with ApexTGI on a worldwide basis.

Long-term relationships are the cornerstone of ApexTGI's success. Our customers trust our innovative products and timely, expert service to improve efficiency and overall productivity. We dedicate all our resources towards ensuring the competitiveness of our customers because when you succeed, we succeed.
